

## GET YOUR WEBSITE FOUND

There are over 15 Billion online searches performed in America each month.

*Can your customers find your website?*

Having a good website is no longer enough. If potential customers can't find you, you're losing business to your competitors.

## Get To The Top Of The Results

We've helped many local companies get to the top of the search results in Google and other major search engines. Our clients often appear on the first page of results and frequently in the top positions.

*Do you know how your website ranks?*

**Trust Lion's Den Software to get your website found.**

Our typical Search Engine Optimization process consists of:

- Review the client's website
- Identify geographic areas of interest and relevant keywords
- Determine current ranking of website
- Optimize the website content
- Re-rank the website in 60 days
- Meet with client to compare before and after results

*Local businesses trust Lion's Den Software. Shouldn't you?*

## ABOUT LION'S DEN SOFTWARE

Lion's Den Software, LLC is a locally owned small business. Founded in 2005, we have been helping small businesses get on the web, increase the appeal and effectiveness of their websites and have helped many small business owners get found on the web, frequently on the first page of results in Google.

Our founder, Ray Kerney, has over 30 years experience working in the Information Technology field. His teams have successfully developed a variety of websites for business, e-commerce, Search Engines and even successful subscription websites

We offer first rate Search Engine Optimization, Content Management Systems and of course, Website Design to our clients at reasonable rates. We will meet with you at your location at your convenience to discuss your needs.

### Search Engine Optimization (SEO)

Unlike our competitors, Lion's Den Software didn't just start doing Search Engine Optimization when it became a buzz word. We were involved in the development of Search Engines since 1995. We understand how Search Engines work, what they look for and what steps Search Engines take in order to find the very best websites.

Let Lion's Den Software help you make the most of SEO and get the best possible ranking in Google for keywords important to your business.
